# Moving the Life Course Theory Into MCH Action

Thursday February 9, 2012 from 12:00 p.m. to 1:30 p.m. EST

**Purpose** To increase knowledge of the Life Course approach in maternal and child health, as well as strategies for translating theory into community MCH practice.

**Audience** Public health leaders, program managers, agency directors, health care providers, and community leaders with an interest in maternal, child and women's health

**Learning Objectives** Participants will be able to a) describe the life course model; b) describe at least one approach they could take to incorporate the life course model into their practice; and c) access additional resources to further their knowledge about this topic.
